FOR GYMS — STUDIOS — SPAS — HOTELS

Plan Your Room

A Room and Power Check for Wellness Centers. The decision, made safe.

FREE — WRITTEN REPLY WITHIN 2 BUSINESS DAYS

Tell us about the space, the power and the way in. We check Room Fit — Power — Water and Drain — Floor and Space — Delivery Path for every unit you are weighing, against what each manufacturer calls for, and confirm the maker's terms for commercial use before we quote. Rough numbers are fine, and Not Sure is a fine answer.

HOW TO SEND IT BACK

Fill it in, save it, and email it to support@motiontheorylabs.com with photos of the room, door and panel if you have them. Prefer the web? **Fill in the same check online.**

THE FACILITY

FACILITY TYPE

◯ Gym ◯ Studio ◯ Hotel or Resort ◯ Spa or Wellness Center ◯ Clinic ◯ Other

FACILITY NAME

CITY AND STATE

YOUR NAME

YOUR ROLE

EMAIL

PHONE

THE ROOM

WHERE WILL IT GO

◯ Indoor Room ◯ Locker Room ◯ Covered Outdoor ◯ Open Outdoor

ROOM SIZE (L X W X H, FEET)

CEILING HEIGHT AT THE LOWEST POINT

FLOOR TYPE

◯ Concrete Slab — Ground Level ◯ Concrete — Upper Floor ◯ Wood-Frame Floor ◯ Tile Over Concrete

WHO USES IT

◯ Members ◯ Hotel Guests ◯ Clients in Booked Sessions ◯ Staff and Athletes

PRODUCTS BEING CONSIDERED — NAMES OR LINKS, YOUR TIMELINE, ANYTHING ELSE ABOUT THE SPACE

Circuit requirements come from the manufacturer's specs. A licensed electrician does the install, and we tell you what to ask them. We are an authorized dealer for every brand we carry; if nothing we carry fits your facility, we say so. We never share your details.
